

I have the disappointing news to share that we have decided to cancel the All Star Meet for this year (only) due to lack of interest. Our contact with the league reps has determined full commitment from one league and partial commitment from another league but three other leagues all voicing that they would have trouble fielding any kind of roster. We do not want to have a meet that will not feel like a true all star meet, (nor do we want to host an event that goes into the red), and plan to bring the meet back next year redesigned and reinvigorated. Our tentative ideas include a 12&under only format, 'fun' relays and more teams. If anyone has any additional input that might help in our attempt to upgrade the All Star meet, (such as location, date, format, etc.), please let me know via email...

Instead of the All Star meet, we would like to instead invite everyone involved in summer swimming to the KASA league pool party on Friday, August 20th at the Kernersville YMCA. The water park will be open as well as a bounce house, slip and slide and we will be doing some fun exhibition events and relays in the pool. This event will be free to all summer league swim families and if your team would like the event information, please respond via email and let me know. We hope to see you there!
